

SAFFRON WALDEN NURSERY SCHOOL
SUN POLICY

At Saffron Walden Nursery School we have access to the outdoors throughout the nursery session.

It is our policy to ask parents to put sun cream onto their children prior to attending nursery if they are only attending for one session.

We ask that parents supply us with a sun cream with their child's name and class on it.

Parents are requested to sign a consent form allowing us to put the sun cream onto their children. If they refuse to give permission then they are advised that their child will need to stay indoors after the lunch period.

This policy was adopted at a meeting of Saffron Walden Nursery School on
